**LARGEST NATIONAL FUELS, VEHICLES & TECHNOLOGY EXPO
 ANNOUNCED FOR APRIL 1-4 IN ANAHEIM, CALIFORNIA**

Las Vegas, NV-January 23, 2007 - The largest alternative fuel and vehicle Expo in the country comes to Anaheim, California, April 1-4 – the 13th annual Alternative Fuels & Vehicles Conference and Expo 2007. Formerly known as the Clean Cities Conferences, this fuel and technology neutral gathering is designed to bring one-stop information and product shopping to fleets, policy-makers, and advocates for clean transportation choices. Over 100 companies from around the world will display the latest alternative fuels, vehicles, components, funding options, educational support, and advanced technology vehicles. Exhibitors include major auto and engine manufacturers, low speed vehicle manufacturers, fuel providers, government agencies, suppliers and associations. Notable exhibitors include:

Alloy Custom Products	Global Electric Motorcars
Alternative Fuel Vehicle Solutions	GreenField Compression
American Honda Motor Company	Kenworth
ANGI International	Logex
California Energy Commission	Luxfer Gas Cylinders
Clean Energy	National Biodiesel Board
Cosmodyne	Pinnacle CNG
Cummins Westport	Propane Exceptional Energy
DaimlerChrysler	South Coast Air Quality Management Dist.
Diesel Technology Forum	Southern California Gas Company
FirmGreen	Titeflex
Ford Motor Company	Toyota
FuelMaker Corporation	Trillium USA
Gas Equipment Systems	Westport Innovations
General Motors	

“When the important work of listening and learning in the sessions has ended, this gets people interacting with the products and services that can change how their business operates,” said Annalloyd Thomason, Director of AFVi. “Government and the media have focused attention on alternative fuels and the Expo Hall makes it more than an idea. Attendees can actually get behind the wheel of the various vehicles available for purchase today.”

Other highlights of the Expo Hall include:

Expo Mixers, sponsored by Westport Innovations and AFVi, are the perfect way to end each day. Attendees enjoy refreshments, conversation with exhibitors, and a variety of presentations.

Fleet Day, Tuesday, April 2, is a chance for fleet professionals (own or operate fleets of ten or more vehicles) to enjoy the Expo Hall all day at no charge.

Fleet Pavilion, sponsored by AFV Solutions, brings together funding sources for fleets all in one area.

Fuel & Technology Pavilions are clearly defined as distinct areas that represent biofuels, electric vehicles, natural gas and propane.

Public Day is when all are welcome to come in and look around. The Expo Hall is open free of charge on Wednesday, April 4 from 8:00 a.m.-noon.

Technology Showcase features more than thirty presentations from people and companies with exciting new technological innovations that will revolutionize the industry.

Vendor Tracks provide attendees with an opportunity to learn more about our sponsors' products, services, initiatives and future plans.

The Alternative Fuel Vehicle Institute (AFVi) is an entrepreneurial organization that works through industry to bring people in need of proven transportation technologies together with those who can meet their needs. AFVi is the education provider and information link between the alternative fuels and vehicles industry and public/private fleets. The primary business of the company is to advance the interests of OEMs, fuel providers and their associated business partners through education, outreach and deployment. AFVi is fuel and technology neutral. For information on exhibiting or registering for the national conference, visit the website at <http://www.afvi.org/NationalConference2007/index.html>.
